Chief Secretary

Sub[d] for perusal. The proper allocation of the officers in the new grades will involve some questions of principle & some questions of delicacy. I would suggest that the case may be discussed in person with the Senior Surgeon & decision arrived at.

2nd November

CBS 13/8/18

There are not many questions only a representation have so far been received.

I would dispose of the doubts by placing both the officers on equal pay. Dr. Manyappa having placed 1st in the grade and longer service.

Please see remarks on Note sheet. Name received the bonus - 2nd officer is dropped off my Division

May be disposed of in Council

1. Subject.-Clause v of the Schedule.

Proposals for the allocation of the existing Surgeons, Assistant Surgeons, etc., in the new grades sanctioned in the re-organization of the Medical Department.

OPINION OF THE COUNCIL.

The proposals regarding the allocation made by the Senior Surgeon may be approved with the following modifications:-

Mr. E.S.Krishnaswami Iyer to get Rs.900 per mensem, the maximum pay of the I class of Surgeons.

Messrs. C.A.Nanjappa and H.B.Mylvaganam to get Rs.800 per mensem each, the maximum of the II class.

Miss. Govindarajulu to get Rs.650 in the III class of Surgeons and a sex allowance of Rs.50 per mensem.

Messrs. B.K.Narayana Rao and N. Rangachar to be permanent Surgeons 6th class on Rs.400 per mensem each and the four officers in this class to be ranked as follows:-

1. Mr. S. Subba Rao,
2. Mr. P.G.S.Acharya,
3. Mr. B.K.Narayana Rao and
4. Mr. N. Rangachar.

Messrs. G.S.David, C. Appadore Mudaliar, M. Jaganatham Pillay, V. Muthusami Doss, A. Seshagiri Rao and T.S.Siddappa may be superseded as they are not fit to be promoted to the class of Surgeons; and they will rank in the 1st class of Assistant Surgeons in the new scale in the order of seniority.

5

Mr. B. Nanjappa to get Rs.200 as Assistant Surgeon I grade plus a carriage allowance of Rs.40 and a Local allowance of Rs.50.

Messrs. J.V.Karve, J.V.Mascarenhas and F. Fernandez may be absorbed in the Public Health Department, the re-organization of which is separately under consideration.

The house rent allowance now being paid to the several officers may continue to be drawn by them pending the decision of the general question of house rent now under consideration.

As a rule promotion to the grade of Surgeons will be made strictly by selection on the ground of merit.

As the charge of the three large institutions - Victoria, Krishnarajendra and Kirto Ophthalmic Hospitals - entails special responsibilities and may not necessarily get the most senior Surgeon in the higher grades, the Council consider that each such charge should have an allowance attached to it; but in view of the circumstance that substantial promotion is given in the reorganization, the question may be considered after a year.

The financial points involved in the Council resolution are:-

A. Grant of advance increments in progressive appointments in fixing the pay of the officers in the revised grades.

B. Promotion to the grade of surgeons of 3 or 4 officers, who are not holding the charges intended for officers of that grade.

C. Grant of local and other allowances in case not specified in the order of reorganization.

*One officer now holding an Asst.Surgeon's charge is to be drafted to a surgeon's charge in due course.

2. As regards A. - Initial pay is proposed to several officers irrespective of the ordinary rules in the M.S.R. and advance increments given in a number of instances.

Surgeons grade	4 officers
Asst.Surgeons	19
Lady Apothecaries & Sub Asst.Surgeons	all officers

If the principle in regard to giving advance increments as contained in art. 81, M.S.R. be adopted, these cases in which pay in excess of the 'initial pay' under the rules has to be given will be much reduced.

Particularly the revised pay recommended by the Senior Surgeon to the Lady Apothecaries is in many cases much too liberal in view of the fact that every one of them is given in addition a sex allowance of Rs.30/-. In these cases it seems -- sufficient

in charge is abolished.

It is a matter for serious consideration, however, as to whether District charges are not sufficiently responsible and important to have surgeons posted to them. If so, an early re-adjustment may be made. The sanctioned scale provides 8 surgeons for eight districts.

This will have to be done. MG

4. As regards C.- It is presumed that the recommendations regarding the continuance of the local and other allowances by the Senior Surgeon in Statement C are accepted by Council only to the extent specified in the resolution, viz., the house rent allowance now drawn by officers and also the local and carriage allowances of the Medical Officers in charge of the Head Quarter establishment. This may be made clear in the order to be issued. If any other allowances specified in para 2 of the Government Order of 13th July 1918 are proposed to be continued the rates at which they are to be paid, may be specified, but some of the items included in the Senior Surgeon's list will have to be omitted.

NOTE—Contn. sheet.

WD A 1789—GPB—60,000—20-3-19—S.

The Second Member sent for me ~~and~~ this morning and went through the Council Resolution and the Financial Secretary's opinion, on the allocations of the medical officers in the new grades, proposed by me.

For the four places in the 6th class of Surgeons, I recommended* Mr. V. Muthusawmi Doss,
Mr. S. Subba Rao,
Mr.B.G.S. Acharya and
Mr. B.K.Narayana Rao, in the order of their seniority and merit combined. The inclusion of Mr.Rangachar's name instead of that of Mr.Muthusawmi Doss in the Council Resolution, appears to be a mistake which may kindly be rectified. Mr. Rangachar's place in the Civil List, which is just above that of Mr.S.G.Asirvathum, may be left undisturbed.

* in my letter of 29.8.18,

In the absence of permanent vacancies in the 1st class of Assistant Surgeons, Messrs. Krishnamurthi Rao, Nanjappa and Nanjundaiya, were shown as acting (or may even be taken as sub pro.tem.) in that class. On the absorption of Messrs. Karve, Mascarenhas and Fernandes in the Sanitary Department, Mr. B.Nanjappa (along with Messrs.Krishnamurti & Nanjundaiya) will become permanent in the 1st class of Assistant Surgeons, in the usual course. In accordance with paragraph 2 of the Re-organisation order of the 13th July 1918, I had proposed to continue to Mr.B.Nanjappa, the carriage allowance and house rent at Rs.40 and Rs.30, respectively, sanctioned to the Medical Officer, Head Quarter Establishment, in G.O.No.1215-6-Med.198-12-2, dated 29-7-13, together with the local allowance of Rs.50 sanctioned to him more recently. ~~The Government Resolution dispenses him of the house rent.~~

As regards the Financial Secretary's remarks,

A. Advance increments in progressive appointments.

In recommending to Messrs.Krishnaswami Iyer, C.A.Nanjappa and H.B.Mylvaganam, the maximum pay of their grades, the pay and the allowances which these officers were in receipt of prior to the issue of the reorganisation order, have been taken into consideration. Similarly, Miss.Govindarajalu being the

first lady to enter the medical department, and on account of her long service (being next to Mr.Krishnaswami Iyer in point of service) she is recommended for Rs.650 pay, in the 3rd class of Surgeons.

The promotions in the fourth class of Surgeons were recommended in consideration of the long service and stangation on Rs.300 of the three officers, Messrs.Srinivasi engar, Kuppaswami Mudaliar and Mrs.Mary J.Whale. In the case of Mrs. Whale, however, as her total emoluments have increased by Rs.250 on account of the addition of sex-allowance, I have no objection to her being placed in the 5th class, above Mr. Abboy Naidu, the number in the latter class being increased by one, against a vacancy in the higher class.

Of the 19 Assistant Surgeons whose promotion in advance is objected to by the Financial Secretary, the nine officers, from Mrs.Whale to Mr.B.K.Narayana Rao, have to be given the minimum pay of the Surgeon's grades to which they are to be promoted to fill the sanctioned number of vacancies. Three others, viz., Messrs. David, Appadorai and Jagannathum who have put in 4 years (and more) on Rs.300, cannot be fairly denied an increment of Rs.60, since, even their juniors, Messrs.Seshagiri Rao and Siddappa have to be given at least one increment and get Rs.320. In the other cases, the starting pay under the revised scheme has been based on the promotions to which the respective officers would be entitled according to the old scale.

As regards the Lady Apothecaries, in view of the substantial increase in the shape of sex-allowance, now allowed (2) to them, they may all be given an increment of Rs.10 as proposed by the Financial Secretary.

B. Grades according to charges. The few deviations necessitated by administrative grounds, have been explained in my official communication. (letter dated 29-8-18). In pro-

proposing to leave three Districts in medical charge of officers of the ~~grade~~ grade of Assistant Surgeons, the Senior Surgeon has not lost sight of the efficiency of administration.

C. Grant of allowances in cases not ~~included~~ specified in the order. The only cases included in my proposals are (1) local allowance to medical officer on the Gold Fields, the omission of which, in the G.O., was obviously an over sight. Again, if the Superintendent of the Lunatic Asylum is to be debarred from private practice, it follows from the reorganisation order itself, that the local allowance of Rs. 50 granted to him previous to his transfer as District Medical Officer, and drawn by Kadur District, should be continued to him. . No other additional allowances which are not ordered in the reorganisation scheme have been proposed by me.

Proposals for the allocation of the existing Surgeons, Assistant Surgeons etc., in the new grades sanctioned in the re-organization of the Medical Department.

Opinion of the Council.

The resolution of the Council dated the 19th September 1918 is re-affirmed with the following modifications:-

Mr. Muthusami Doss will be promoted to the grade of Surgeon instead of Mr. Rangachar.

The local allowance granted to the Medical Officer, Kolar Gold Fields and the Superintendent of the Lunatic Asylum, who is debarred from private practice, may be continued.

The Lady Apothecaries will be given an increment of Rs.10 in addition to the sex allowance.

Final Note by the ~~First~~ Second Member of Council.

Subject:—

These papers relate to the allocation of officers in the staff of Surgeons, Assistant Surgeons and Sub Assistant Surgeons for the Medical Department under the scheme of re-organization sanctioned in the Government order dated 13th July 1918. The Senior Surgeon has submitted certain proposals in his letter dated the 10th Aug. 1918 for the allocation of medical officers under the new scheme. During the pendency of this question, certain representations were submitted by individual officers regarding their status and emoluments. I personally interviewed almost all the officers who have submitted such representations and enquired into their grievances. I have also discussed each individual case personally with the Senior Surgeon and after carefully considering them in all aspects formulated my proposals in a tabular statement for the consideration of the Council. This statement was brought up for Council decision at the meeting held on the 19th of September 1918. I took the opportunity of discussing the matter further with the Senior Surgeon and requested him to submit a note on the Council resolution of the aforesaid date. This note is in the file. In regard to one of the officers a doubt having been raised, the matter was considered again in Council at the meeting held on the 29th October last. It was then decided after referring to the confidential record of Mr.Muttusami Doss, the officer in question, that he should be promoted to the grade of Surgeons. Necessary consequential changes were then made and it was also clearly laid down that the local allowances granted to medical officers, Kolar

Gold

Pages 10 & 12 of Office Notes

Page 14 of do

Gold Fields and Lunatic Asylum, should be continued. It was also laid down that the lady apothecaries who are now to get sex allowances need not be given an increment of more than Rs.10. This is in accordance with the recommendation of the Financial Secretary.

Pages 7 to 9 of Office Notes

With reference to the remarks of the Financial Secretary that the increase of pay in advance of one increment is financially unjustifiable, it has to be observed that the Medical Department has been stagnant for several years. The 4 officers in the Surgeons grade and 19 officers in the Assistant Surgeons grade have been drawing their present emoluments for a considerable length of time without any promotion. If the principle contained in Article 81 of the Mysore Service Regulations is to be rigidly enforced, the re-organization will hardly benefit any one in the Department at least for some time to come. It is necessary therefore, to relax the rule and give under the re-organization such pay in accordance with the revised scale sanctioned by Government as is commensurate with the service, qualifications and capacity for work of individual officers concerned. All these aspects have been very carefully scrutinized by me in consultation with the Senior Surgeon and the proposals now drawn up which have been agreed to in Council may be finally approved.

It is necessary to refer in brief to a few of the representations made by individual officers. The contention of Dr. Mylvaganam as regards his place in the second class of Surgeons has been duly considered and I think the Council agreed with me that Dr.Nanjappa should receive the first place in the second class. Both the officers have been given equal pay, viz., the maximum of the second class. Miss Govindarajalu gets an immediate increment of Rs.100 on her substantive pay, her personal allowance disappears and she gets also a sex allowance of Rs.50. Miss Ayachemmal also gets an immediate increment of Rs.50 plus a sex allowance of Rs.50. Mr.Acharya cannot be put in any higher grade than the 6th class and he gets an immediate increment of Rs.100 over his present substantive pay. The argument that he is in charge

Pages 4 of Office Notes

of the Minto Ophthalmic Hospital and would have in the ordinary course succeeded to the position of the late Dr.R.Iyengar does not apply, as the Specialists grade has been abolished. The question of granting a charge allowance to medical officers who are appointed to be in charge of the Krishnarajendra Hospital, Mysore, Victoria Hospital, Bangalore, and Minto Ophthalmic Hospital, Bangalore, is one which in my opinion deserves favourable consideration. For, these charges involve high professional qualifications as well as special capacity and should have attached to them some allowance over and above the grade pay amongst the Surgeons. The Council having agreed in this view, have resolved in their resolution of the 19th September that the question should be considered after a year. A note to this effect has been made in the resolution itself. The resolution of the Council in regard to this matter may be approved. The other representations do not call for any particular notice as the allocation disposes of them in the sense that most of the officers get substantial promotions thereby. It is true that Mr.G.S.David has made a very strong representation to be included in the grade of Surgeons. Mr.David's rank in the existing list of Assistant Surgeons is 4th. He is now drawing Rs.300 plus a carriage allowance of Rs.30. Under the reorganization, he gets the maximum of the first grade of Assistant Surgeons namely, Rs.360. It is true that Mr.Usmon and other below him are put in the last grade of surgeons thereby superseding him. The claim, however, to be placed in the grade of Surgeons put forward by Mr.David has been carefully considered and the Council agreed with the Senior Surgeon that he is not fit to be put in that class. Moreover, it has already been ordered in the re-organization scheme itself that promotion to Surgeons grade will be by selection and according to merit and not by seniority.

As regards allowances the point raised by the Financial Secretary has been made quite clear in the resolutions of the Council. The Government order re-organizing the Department makes specific reference to the allowances in paragraph 2 and directed the continuance

continuance of such of the allowances as were noted in the margin thereof. The Senior Surgeon was also requested to submit a list of charges and places to which such allowances may be sanctioned and the amount of the allowances to be granted in each case. It is quite clear that house-rent allowances now in force and carriage allowances etc., now being drawn by some of the officers should continue. The local allowances granted to medical officers, Kolar Gold Fields and the Superintendent of the Lunatic Asylum should also continue. The Senior Surgeon's report gives a complete list of allowances (Statement C) to be given to certain officers irrespective of the pay of their grades and the list may be approved subject to the remarks that the medical school allowances are based on a special Government order and need not be considered in this connection. In pursuance of paragraph 2 of the Government order sanctioning the re-organization, the Government may now formally ratify the allowances which are included in this list. The house-rent question is now being separately considered and as resolved at the Council meeting of the 19th September, the allowances now being actually drawn by the officers as shown in the list (Statement C) may be continued pending the decision of the general question of house-rent. It is proposed to remove anomalies and have a consistent scheme for medical officers who may be granted such rent and when this is decided, the question whether Dr.Mylvaganam in medical charge of the Victoria Hospital should be granted house-rent will be taken up for disposal. At present Dr.Nanjappa is given a house-rent in Mysore and it is necessary to decide whether Dr.Mylvaganam should not also be given a similar house-rent.

The above disposes of all the pending questions. The resolutions of the Council dated 19th September and 29th October may now be approved and the allocation of officers as shown in the Statement appended hereto may be finally sanctioned.

Submitted to His Highness.

I submit herewith a Final Note by the Second Member of Council on the subject of the allocation of officers in the staff of Surgeons, Assistant Surgeons and Sub-Assistant Surgeons for the Medical Department under the scheme of the reorganization sanctioned in the Government Order dated 13th July 1918, for His Highness' gracious approval.

2. In this connection, I think, the case of Mr. S. Narayana Rao, B.A.,M.B.,C.M., Assistant Surgeon now on active service seems worthy of consideration. Mr. Narayana Rao went to the front at the risk of his life although as a Civil Officer there was no legal or other obligation on his part to accompany the Regiment. He has been given the temporary rank of a Surgeon and it seems fit that he should be made permanent in that rank in the last grade. He may be treated as a Supernumerary and absorbed after all the officers who are now senior to him are either promoted or passed over if unfit for the rank of Surgeon.

3. I mention this instance because some recognitio is due to the enterprise shewn by this officer.

4. If it is considered necessary to consult the Council on this case, I shall do so and submit proposals separately. Otherwise the recommendation may be graciously sanctioned.

Sir,

With reference to Government order No.G.679-80-Med. dated 13th July 1918, I have the honor to forward herewith a statement showing the allocation of the existing Surgeons and Assistant Surgeons and Medical Graduates in the several new grades sanctioned in that order. The reasons for giving to each of the officers, the salaries shown in the third column of the statement have, as far as possible, been explained in the remarks column. The points requiring special mention are noted below.

SURGEONS. Mr.E.S.Krishnaswami Iyer had been granted a local allowance of Rs.250 per mensem for the charge of the Victoria Hospital, Bangalore, in G.O.No.2312-3-Med 37-14, of the 1st September 1914, Rs.200 of which, were converted into a Personal Allowance by a subsequent Order, dated 16th January 1917. Similarly, Mr.C.A.Nanjappa has been in receipt of a local allowance of Rs.200 for the charge of the Victoria Hospital and the same has been continued to him as Medical Officer of the Krishnarajendra Hospital, Mysore. Mr.Mylvaganam, as Medical Officer, Victoria Hospital, has also been recently granted a local allowance of Rs.200. These allowances will cease in accordance with the directions in paragraph 2 of the present order. Mr.Krishnaswami Iyer who heads the list of Medical

Officers, will be placed in the 1st class and given a consolidated pay of Rs.800 in the scale 800-50-900 sanctioned for that class. The house rent allowance of Rs.50 now drawn by him will be continued in accordance with paragraph 2 of the Government order.

Messrs.C.A.Nanjappa and H.B.Mylvaganam will be placed in the 2nd clasd and started on Rs.700, the minimum of that class. The house rent and the X-ray allowance of Rs.50 each, now drawn by Mr.Nanjappa will be continued to him. Mr.Mylvaganam will draw an allowance of Rs.100 as Principal and Lecturer of Anatomy in the local Medical School, from the date he took charge of Principalship, instead of the allowance of Rs.75 he was drawing as mere Lecturer. Mr.Mylvaganam in his representation, copy enclosed, contends that for the past 2 years he has been drawing a pay of Rs.600 as pensionable pay against Rs.525 drawn by Mr.Nanjappa, and a consolidated salary (at present) of Rs.900 against Rs.825 drawn by Mr.Nanjappa and that, therefore, he should be treated as senior to the latter, and borne above him in the list. But Mr.Nanjappa was put in charge of the Victoria Hospital with effect from March 1916, in preference to Mr.Mylvaganam, and was granted an allowance of Rs.200 simply because there was no provision in the sanctioned scale of Surgeons, then, to give him a pay of Rs.700. Again, before his transfer to Mysore in the exigencies of the service, Mr.Nanjappa was drawing a consolidated salary of Rs.875 against Rs.675 drawn by Mr.Mylvaganam. Under the circumstances, Mr.Nanjappa who has put in a uniformly good service of over 26 years, ought to be ranked next to Mr.Krishnaswami Iyer, or second in the list.

Among Surgeons as at present composed, there are some officers who should not have been allowed to enter that grade. These officers ought to be made to retire as soon as they complete 55 years of age or sufficient service entitling them to a pension equal to half their pay, whichever is earlier, to make room for younger officers in the Assistant Surgeon's grade who

have proved themselves worthy of promotion to the grade of Surgeons as now constituted. Selections from among Assistant Surgeons, to fill up the surgencies, have been made, as far as possible, on considerations of merit and service combined.

Assistant Surgeon Mr.S.G.Asirvathum, in a representation, copy enclosed, prays that, in accordance with G.O. No.3778-9-Med.171-10-9, dated 26th November 1912, he may not be allowed to be superseded by any of the Assistant Surgeons who returned with training in England and were appointed as 2nd class Assistant Surgeons direct. But the promotions of the Assistant Surgeons in the regular line, to all of whom that G.O. refers, have been given to them from time to time, irrespective of the existence of the England-returned officers, and according to the time scale. Mr.Asirvathum has no doubt done good work and will receive his promotion in due course.

Among Assistant Surgeons there are some who have put in over 4 to 10 years of service in the 1st class (old scale) on Rs.300. But these are unworthy of being made Surgeons and put in that grade as sanctioned in the reorganisation scheme. They may, however, be given the maximum pay of Rs.360, attainable by Assistant Surgeons under the new scheme. There is nothing in the allocation of the other officers in the Assistant Surgeon's grade that calls for remarks. The next promotion according to the old scale, to which each officer would be entitled, has been taken into consideration in fixing the stage in the revised progressive scale of pay to be given to each under the new scheme. In the places of officers of this department, now working in the Public Health Department, acting promotions have been suggested, to complete the sanctioned active strength of this department.

Medical Graduates. Of the existing 13 medical graduates 8 have been absorbed in permanent and the remaning 5 in temporary vacancies in the grade of Assistant Surgeons, leaving four permanent and five temporary vacancies in this class.

Honorary Assistant Surgeons. As this grade has been abolished the only officer in this grade, viz., Mrs.L.Rodrigues, will be reverted to her former grade of Apothecaries, the pay and prospects of which have been improved. She will be given the promotion due to her according to her service as Lady Apothecary. A statement showing the allocation of Lady Apothecaries and Sub Assistant Surgeons, according to the revised scale, is also submitted for approval.

Distribution of officers according to charges. It is not now possible to adhere rigidly to the distribution of the officers according to the charges as defined in the Appendices to the Order. Certain Officers, have to be continued in their present places (belonging to Assistant Surgeons as per Appendix II) although they have been placed in the Surgeon's grade. The deviations are noted below.

Surgeons.		
Victoria Hospital.	Sanctioned 2.	Actual 3.
Krishnarajendra Do.	Do. 1	do. 3.

Vani Vilas Hospital	1	1
Kolar Gold Fields	1	1
Lunatic Asylum & Stores	1	1
District Medical Officers	8	4
Palace Establishment	0	1
Total	16	16

I am submitting separately, proposals for the transfer of Mr. S. Subba Rao, now an extra Surgeon in the Krishnarajendra Hospital, to the charge of the Shimoga District, as the District Hospital there has to be developed and brought up to date. Thus, only three districts will, for some time, have to be placed under the charge of Assistant Surgeons. As regards Appendix II, defining the charges of Assistant Surgeons, I beg to submit that certain dispensaries which have to be placed under Medical Graduates, are now in charge of Assistant Surgeons. When the full number of Medical Graduates becomes available, suitable transfers will be effected and a list showing the distribution of Assistant Surgeons according to the charges now defined, will be submitted.

In connection with the posting of Surgeons to the medical charge of Districts, I may also add here, that the District of Hassan is connected to Mysore by Railway, and the Districts of Tumkur and Kolar are in easy excess of Bangalore, and these 3 Districts may, for the present, be left in charge of Assistant Surgeons, without any inconvenience to the public.

A statement showing the charges to which allowances have to be attached under the present order, is also submitted herewith as required by paragraph 2 of the Order under reference.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

A Statement showijg the reallocation of the present Surgeons and Assistant Surgeons in the new grades sanctioned in Government order No.G.679-80, dated 13th July 1918.

The Medical Officer,

Victoria Hospital, Bangalore.

Sir,

I beg to bring the following facts to your notice, for your kind and sympathetic consideration.

I joined the Medical Department in 1901. During the greater part of my 17 years' service, I have worked in very important charges. For four years from 1905-1909 I worked as Resident Medical Officer of the Mysore General Hospital. For the next 7 years I was District Medical and Sanitary Officer of Hassan District and during the last two and a half years I have worked as Resident Medical Officer of the VICTORIA HOSPITAL, the premier medical institution in the State. I have always worked conscientiously and hard, and I believe, to the entire satisfaction of my superior Officers and of the public. Latterly, under the heavy work as Resident Medical Officer of the VICTORIA HOSPITAL, my health was grately impaired and you were kind enough to relieve me of my duties there and to post me to a situation where I could obtain a little rest, and recuperate my health.

In 1912, when certain Officers who returned to Mysore after training in England were directly appointed as Assistant Surgeons 2nd class, the hardship that it entailed on Officers with equal qualifications like myself who put in long periods of approved service and who were then in the lower grades, was brought to the notice of Government and they, in their Order No. 3778-9/Med:171-10

10-9 dated 26th November 1912 (a copy of which is herein enclosed for ready reference) were pleased to order that those new appointments should be considered as supernumerary and that they should "in no way bar the promotion of the Officers already in service who then ranked below them."

The reorganization of the Department has recently been sanctioned. May I request you to be so good as to take into your kind consideration the long and arduous work that I have done in the Department, work to which I have always devoted the best of my energy and abilities, and recommend me to Government for the post of a Civil Surgeon under the new scheme. I understand that the appointments to this grade are to be made on merit and not on mere seniority.

No.A.

Forwarded.

I can bear testimony to the good work done by Dr. Asirvatham at the Victoria Hospital during his tennure of office as the Resident Medical Officer and since. He has done very many major surgical operations very successfully. He is a very zealous worker. If merit alone is taken into account for promotion into the Civil Surgeon's grade, irrespective of the number of years of service he should have the strongest claims over most of his seniors in service. The fact of his having been selected to the place of the Resident Medical Officer, Victoria Hospital, in preference to all of his seniors, is alone sufficinet to justify his claims.

Sir,

In the appointment of officers to higher grades under the reorganisation scheme of the Medical Department I have the honor to state that the Government will be faced with the question of deciding the relative claims and merits of individual offi..

I have reasons to believe that I am likely to be superseded by Dr. S. A. Najaffsa in the 2nd class of Surgeons. Though both may get the maximum pay in that class at present, yet when a future vacancy should arise in the classes above, I may become

It is this circumstance that I wish to lay before the Government for their kind consideration.

I was appointed to the Specialist's grade of Rs. 400/- to 600/- from the commencement of my service and I am drawing my maximum pay for the past 20 years. Prof. Dr. A. Nallajappa, was promoted to this grade four years after me and even now he has not attained his maximum pay under the old regulations. it would take me 3 more years to attain the maximum.

It has been suggested that since he was made the officiating [illegible] before me, that he has a claim to priority. My contention is that it does not establish any claims at all.

I belonged then to a special independent department and I presume the Government did not like to disturb me at that time when there was another man available to [illegible] of the Medical officer, Victoria Hospital.

Though for convenience of administration [illegible] my papers through him, just like the [illegible] considered [illegible] a subordinate position to him because a subordinate officer [illegible] a higher pay than his superior officer.

Since my special grade is abolished and I am to be merged into the general class, my previous status and pay should be recognized. Seniority in service alone can not be considered as the only claim for promotion. If this be so, Dr. Nallajappa and I should be much lower in the scale.

Even before the date of fixation Dr. Rangachariar and others have been drawing a higher pay than [illegible].

In the instance, the claim to promotion was not based on the fact of having held the post of Medical officer of Victoria Hospital. Dr. Achuta Rao was never the Medical officer of Victoria Hospital and yet he was made the Senior Surgeon.

A. B. Mukherjee

MY CLAIMS TO A HIGHER GRADE IN THE NEWLY RE-ORGANISED MEDICAL SERVICE.

---

1. I was appointed to the Specialist's grade of Rs.400-600 from the date of entertainment in the Mysore Service and long before Mr. C.A.Nanjappa was promoted. I attained my maximum pay about two years ago, whereas Mr. Nanjappa draws a salary of Rs.525/- now.

2. Even before the date of passing the Reorganisation Scheme I have been drawing a higher consolidated pay than Mr. C.A.Nanjappa, Viz., Rs.600 200 100. Mr. Nanjappa gets now Rs.525 200 50 50.

3. If seniority in service alone is taken into account to decide as to who should be higher, then Dr. Nanjappa and myself should be much lower in the scale to many others who are lower to us at present.

4. The fact that Dr. Nanjappa was made the Medical Officer of the Victoria Hospital before me does not establish a claim to supersede me now. I belonged to a Special Department then. Since the abolition of the Specialists' grade and its absorption into this scheme, my previous status must be taken into consideration. Dr. P.S. Achyuta Rao was made the Senior Surgeon though he was never the Medical Officer of the Victoria Hospital. The Government may appoint any one they choose for the time being.

Sir,

In continuation of my letter No.G.C.81-2, dated 10th instant, submitting lists showing the proposed allocation of the existing Medical Officers and Subordinates of the Department into the several grades sanctioned by the re-organisation scheme, I have the honor to submit herewith (in original) the representations of the marginally named officers, for the consideration and orders of Government.

Miss.R.Govindarajalu;
Mr.B.G.Srinivasacharya;
Mr.B. Nanjappa.

Miss. Govindarajalu has been recommended to be placed in the 3rd class of Surgeons (Rs.550-25-700) and given a consolidated pay of Rs.600 which is equivalent to her present pensionable pay. She will also be substantially benefitted by the sex-allowance of Rs.50 granted by the revised scheme, and can have no just cause for complaint. It is not seniority that can ~~xxx~~ entitle an officer to promotion to or in the grade of Surgeons under the revised scheme.

Mr. B.G.Srinivasacharya claims a place inthe Rs.500 class by reason of his having lost better chances of promotion owing to the abolition of the Specialist's Grade and the privileges enjoyed by the late Dr.Ramaswami Iyengar, his predecessor in office. The late Dr.S.V.Ramaswami Iyengar, as Superintendent, Minto Ophthalmic Hospital, was given a Personal allowance of Rs.100, a local allowance of Rs.100 and rent-free

house, all of which were declared personal to him, and intended, probably, in recognition of his onerous duties in connection with the working up and development of the Minto Ophthalmic Hospital, and that too after he had put in a long service of over 20 years (1913). The easements enjoyed by the late Doctor cannot, ih my opinion, be claimed as a matter of right by his successors for merely stepping into his position as Superintendent of the Hospital which he left in smooth working order.

Mr. B. Nanjappa has set forth three grievances which he would press for consideration. Of these, his alleged supersession by Mr. B.Krishnamurthi Rao, who entered service much earlier, cannot be a grievance at all. Whatever might have been the circumstances ~~xxxx~~ under which Mr.Krishnamurthi Rao was continued against a temporary addition to the grade, yet, his confirmation in the service with effect from the date of his entry in the service, under G.O.No.764-5-Med.208-09-6, dated 26th July 1911, passed not without due consideration, must entitle him to the full benefits of his service, just as Mr.Nanjappa is entitled to the benefits of his own service. The grievance connected with the entertainment of England returned officers in the higher classes of the grade, has already been dealt with in my last letter. It appears to me that in passing their order No.3778-9/Med:171-10-9 dated 26th November 1912, it could not possibly have been the intention of Government to keep these officers with Foreign qualifications in the position in which they were started until all the locally qualified officers then in service got to the grade of Surgeons. As regards the third point, I have recommended promotions in the places of officers lent to the Public Health Department.

Sir

I have the honor to bring to your notice the following facts —

I have put in a Service of 31 years — I was the first Lady Doctor Entertained in the State.

I was a pioneer, and the Female Hospitals owe in Some Way their Popularity to my Small Efforts.

The training of Nurses & Female Compounders were also Organized in My time

I was Consulted by the Excessive Senior Surgeons on all Questions Concerning the Female Medical Department

I have served in the Maternity Hospitals at Mysore and Bangalore - At my own request I was transferred to the Victoria Hospital, for a few months, and though I pleaded to be left there for surgical practice Col Smyth sent me to the Maternity Hospl. here in order he said to work up this institution, as boys sent from the City were seeking medical aid and advice in the Cantonment Hospitals -: The increase of patients in the Cantonment will prove if my work has been successful -

The Maternity Hospitals are in no way inferior to the General Hospitals - for the period of confinement is a critical time in a Woman's life and may mean life or death -: It was to save the lives of Women at this time, that the Countess of Dufferin organized her Zenana Scheme of Medical Aid for Women in India -: So far as hard work is concerned - I may say that work has to be done both night & day in the Maternity Hospitals

I have also to state that I possess both qualifications -: I was trained in the Rotunda Hospital Dublin in Midwifery; and possess the Specialists Qualification & diploma in Midwifery -: from the Royal College of Surgeons Ireland

Under these circumstances as I am a Senior in Service & have done good work (for which I was awarded a personal allowance); and as I have only two years more to put in for retirement -

I request that as per Reorganization Scheme, My Seniority may not be overlooked, and if for any reason I should be superseded, that Govt = may kindly see their way to place me in the II Grade - or that the Maximum pay may be given me in the III Grade

Sir

In connection with the impending reorganisation of the Medical Department, I have the honor to represent- the following facts for the consideration of the Government.

(1) If I had been confirmed as the Superintendent- of the Minto Ophthalmic hospital, I should have got the Specialists grade — (400 + 25/1 - 600) and an allowance of Rs 100/- per mensem together with Quarters rent free which I am now occupying.

REPRESENTATION of Mr. R. Nanjappa, M.B. & C.M., Assistant Surgeon, Headquarters Establishment, Bangalore.

****

I joined the Medical Department on 21st June 1909 as a Sub Assistant Surgeon and have put in 9 years' service in all.

2. I am at present holding the rank of Assistant Surgeon, 4th class, and drawing Rs.150 with effect from 21st June 1916.

In the usual course of events, my promotion to the next higher grade, i.e., Rs.200 in the grade of Rs.150-50/3-300 (under the existing scale) falls due on 21st June 1919 or about 10 months later.

3. As the proposals connected with the re-organization of the Medical Department sanctioned last month are at present engaging consideration, I have thought it necessary to bring a few circumstances, connected with my case, to notice.

4. As the enclosed statement will show, I have, for no fault whatsoever, already been made to suffer by losing one place, by placing Mr. B. Krishna Murti Rao, B.A., L.M.& S., above me in the list. The statement now put up shows very clearly that, when I entered service on a substantive appointment which was given solely on the ground of better professional qualifications, Mr. Krishna Murti Rao was holding only a temporary place in the vacancy caused by the loan to the Public Works Department of 2 officers of the Medical Department. In fact, even so late as 1913, Mr. Krishna Murti Rao was shown in the Civil List under me while, all of a sudden, and for reasons of which I am ignorant, he has been made to go over me in 1914 and this arrangement has continued till now. I sent up a representation (copy enclosed for ready reference) in 1911, through the then officer in charge of the Victoria Hospital (the present Senior Surgeon), when the

In the reorganisation the Specialist grade having been abolished and all allowances stopped, I am handicapped a great deal. It would be very hard on me if I do not get at least a Surgeon's grade on Rs 500/-

Considering the special nature of work I turn out, what I have done and how the institution is getting on the records bear witness.

(2) As regards the Quarters now I am occupying for over 20 years it has been the residence first of the Govt. Oculist and later on the Superintendent Minto Ophthalmic hospital I was allowed to occupy the same this year. It would consider it specially hard on me if I am to be deprived of it.

(3) In the light of the present representation, I hope the Government would deem it fit to place me in the Surgeon's grade on Rs 500/- and retain me in the enjoyment of the present Quarters which I am now occupying.

I have the honor to be.
Sir
Your most obedient Servant
B.G. Srinivasacharya
Offg. Superintendent.
Minto Ophthalmic Hospital.
Bangalore City

question of the date of his confirmation in the Department was under consideration, that he should not in any case be made to go over me. I beg that this injustice may be set - right and that the position, rightly due to me, may be - - restored.

5. Another point which directly affects my prospects and promotion is the fact that applicants who have undergone a course of training in foreign countries, are, on first - - appointment, started on higher salaries and made to go over - local men already in service. The following may be mentioned as on the point:-

(1) Mr. J.V. Karve, M.B.C.H.B., D.Ph.,
(2) Mr. S. Subba Rao, B.A., M.B., L.R.C.P., M.R.C.S., D.Ph.
(3) Mr. B.G. Srinivasacharya, F.R.C.S., & D.O.,
(4) Mr. B.K. Narayana Rao, B.A., M.B.& C.M., M.R.C.S., D.Ph D.O.,
(5) Mr. D.P. Puttanna, B.A., F.R.C.S., L.M., D.Y.M., and
(6) the latest, Mrs. B. Perriton, M.D.

If such supersessions are allowed to go on, it will be impracticable for those already in service and in the - - lower grades to get on. It cannot be that the persons already in service are in any way inferior to them all, but when the fitness of an officer is not doubted, it will be a great hardship if new persons are put over them. This is an aspect which requires consideration in the new arrangement. I may mention that we were given to understand that the advent of foreign trained persons in the department would not in any way interfere with the prospects or promotion of local men.

6. Another point which directly affects us is that, several officers, holding a co-ordinate rank like myself and with special sanitary qualifications, are deputed for work to other departments, permanently or temporarily and their names continue to be shown under the Medical Department. This - arrangement cannot but affect the prospects of men in the - ranks of the Medical Department. The following may, among

others, be mentioned as in point:-

(1) Mr. J.V. Karve.
(2) Mr. F. Fernandez.
(3) Mr. J.V. Mascarenhas.
(4) Mr. B. Krishna Murti Rao.

If these gentlemen are seconded or given a separate position in the list, that will go a great way to ameliorate the prospects of those like myself. This reasonable prayer - may also receive consideration.

7. I may be permitted to state, in this connection, - and that, so far as my work ~~xx~~ experience are concerned, I have worked 4 years in various capacities in the Victoria Hospital Bangalore, received training in Bacteriology, worked in the Laboratory, have been on Inoculation, Plague and Cholera - - duties and for the last 5 years am working in the Head-Quarters Establishment. - -

8. At present, I am the <u>third</u> among the Assistant - Surgeons in the 4th class on Rs.150, the first two (Messrs. F. Fernandez and B. Krishna Murti Rao) <u>being officers on</u> - - <u>other duty</u>.

My humble prayer is that, in the arrangements connected with the revision, I may be placed at least in the - newly created grade of Rs.200-20-360 for Assistant Surgeons. If this consideration is shown to me, it will only enable me to draw, ten months earlier, what I would otherwise then earn in the usual course.

The re-organization of the department was a long - cherished eventuality by which we hoped our prospects would be bettered. In this view, I have ventured to submit my - case for consideration.

To

Offg. Senior Surgeon with the Government of

H.H. the Maharaja of Mysore.

Through

The Medical Officer,

Victoria Hospital, Bangalore.

Sir,

I most respectfully beg to bring to your kind notice the disadvantage caused to me by the recent Government Order confirming, with retrospective effect, Sub Assistant Surgeons Messrs. Kuruvella and Krishna Murti Rao from the date of their entertainment in service.

In 1908, applications were invited for filling up certain vacancies in the grade of Sub Asst. Surgeons. Although Messrs. Kuruvella and Krishna Murti Rao were then already in temporary service, yet their claims were considered along with those of the fresh applicants and, for reasons best known to the then authorities -- (superiority of qualifications being perhaps one reason), some of the latter including myself were recommended for the permanent vacancies while the two first named gentlemen were proposed to be continued in places which were at that time considered to be temporary. After a long and careful consideration extending over a period of nearly one year, the Government were pleased to sanction these arrangements, according to which I got a certain fixed place in the list of officers in the Medical Department.

When it is considered that promotion to the next higher grade (of Asst. Surgeons) usually goes according to seniority in the grade of Sub Asst. Surgeons, the importance of ones maintaining his position in this latter grade will

be apparent. As it is, chances of promotion to the higher - grades of the Medical service occur but very rarely. A few months back the Government made two new appointments in the - grade of Assistant Surgeons, against vacancies that may hereafter occur in that grade. And now again, two officers in - the Sub Asst. Surgeons' grade, hitherto borne on the temporary list and consequently below those appointed to the permanent places, are ordered to be confirmed from the date of - - their entertainment in the service. The result will be that these officers will naturally supersede several who are now - above them. The disadvantages resulting from such an arrangement are too apparent to require pointing out.

Whatever reasons Government may have for showing - any concession to Messrs. Kuruvella and Krishna Murti Rao, I beg to request that such concession may be shown so as not to affect the order of Government according to which I (with - certain others) was first appointed to permanent places in - preference to those already in temporary service.

In conclusion, I humbly pray that you may be - - pleased to forward this application to Government with your strong support that they may be graciously pleased to consider the whole question and pass necessary orders so as not to disturb my present position in the Civil List or to affect my turn of promotion to the next higher grade in the Department.

I beg to remain,
Sir,
Your most obedient servant,
(Sd). B. Nanjappa.
Sub Asst. Surgeon.

Representations of Mr. G.Asirvatham.

1. For 7 years, from 1905 to 1913, Messrs. N. Rangachar, Mascarenhas and myself were kept in Rs. 120 grade without any promotion for want of vacancies in the next higher grade. But in the latter year when certain young men returned from England, they were forthwith appointed as Assistant Surgeons, 2nd grade, on Rs. 250 per mensem. Col. Smyth, the then Senior Surgeon, pointed out the great hardship that was caused by these appointments to officers of equal qualification and merit already in service and who were kept waiting for their promotions. With a view to obviate this hardship the Government in No.3778-9 Med.171-10-9 dated 26th November 1913 were pleased to declare that "these appointments would in no way be a bar to the promotions of officers ranking below them". The spirit of this Government order has been entirely ignored and Messrs. Karve, Subba Rao, Acharya and B.K.Narayana Rao have, it is rumoured, been promoted to the grade of Civil surgeons.

2. If promotions continued to be governed by the time scale, the appointment of the above officers would not have affected us prejudicially. But as, under the re-organization scheme, promotion to the grade of Surgeons goes by vacancies, the promotion of the above officers over our heads - merit and qualification being equal (not to say anything of the great difference in length of service), completely nullifies the effect of the order of 1912 referred to above under which we were practically assured that the promotions due to us in the usual course would not be affected by the appointment of the above officers.

It may perhaps also be mentioned that the hardship pointed out by Col. Smyth in 1918, particularly affected 3 of us in the service, namely, Mr. N.Rangachar, myself and Mr. Mascarenhas. This is proved by the fact that we were specially promoted from Rs. 150 to 200 grade within a year of the last promotion.

3. Of these 4 officers, Mr. Karve has been serving all along in the Sanitary Department, and has not done a stroke of work in the medical line and is now preferred to the post of a Civil Surgeon whereas I have always held important medical charges such as the Resident Medical Officer of the General Hospital, Mysore, District Medical and Sanitary officer of the Hassan District and the Resident Medical officer of the Premier Institution of the State, viz., the Victoria Hospital, and may confidently say that I have discharged my duties to the entire satisfaction of my official superiors and the general public and thereby helped to maintain the efficiency of the institutions wherein I served.

4. Mr. B.K.Narayana Rao who has put in hardly three years of service and who was confirmed as Assistant Surgeon, 2nd grade, on Rs. 250 six months after I had been given that grade now supersedes me. I have served the State most faithfully and to best of my ability for the last 17 years and I have done nothing to merit such undeserved supersession. I may add that my academic qualifications are in no way inferior to his; the special qualifications of D.P.H., and D.O. which he holds may be usefully utilised in the Sanitary and other Department, but do not count for work in the Medical Department proper.

Order thereon No. 3778-9/Med. 171-10-9

Dated, Bangalore, 26th November 12

On a careful consideration of the matter, Government consider that the hardship bourght to notice by the Senior Surgeon as resulting from the appointments of Messrs. K.R.Krishnaswamy Iyengar and J.V,Karve as Assistant surgeons, 2nd class, will be obviated by substituting the following for para 3 of the Government Order dated the 18th May 1911:-

"Both Mr. K.R.Krishnaswamy Iyengar and Mr. Karve will be on probation for two years and on confirmation will be treated as supernumeraries in the grade of Assistant Surgeons. Their appointments will in no way bar the promotion of the officers already in service who now rank below them". The Government Order of the 18th May is modified accordingly.

A similar condition will attach also to the appointments of Mr. S.Subba Rao, Miss Champa Bai Sunthankar and Miss Allen since ordered.

Sd./ S.P.Rajagopalachary,
For Offg. Secy. to Govt.

I can bear testimony to the good work done by Dr. Asirvatham at the Victoria Hospital during his tenure of office as Resident Medical Officer and since. He has done very many major surgical operations very successfully. He is a very zealous worker. If merit alone is to be taken into account for promotion into the Civil Surgeon's grade, irrespective of the number of years of service, he should have the strongest claims over most of his seniors in service. The fact of his having been selected to the place of the Resident Medical Officer Victoria Hospital in preference to all of his seniors is alone sufficient to justify his claims.

Dated Bangalore, 1918.

Government have carefully considered the proposals of the Senior - Surgeon and the representations of the officers and are pleased to sanction the allocation of the officers of the Medical Department in the new grades sanctioned in the order of the 13th - July 1918 as shewn in the annexed - statement with effect from the 1st -

January 1918

January 1918.

The Senior Surgeon has also submitted a complete list of allowances to be given to certain officers irrespective of the pay of their grades in accordance with instructions given in paragraph 2 of the order read above, and Government are pleased to ratify the allowances which are included in this list.

The house rent allowance now being drawn to the several officers - under the above list will continue to be drawn by them pending the decision of the general question of house rent now under consideration.

As the charges of the three large Institutions Victoria, Krishnarajendra and Minto Ophthalmic Hospitals, entail special responsibilities and ~~may not~~ necessarily get the ~~next~~ most senior officer in the higher grades, Government consider ~~consider~~ that each such charge - should have an allowance attached to it, but in view of the circumstances that substantial promotion is given - in the reorganisation the question may be considered after a year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918, sanctioning the re-organisation of the Medical Department.

2. Letter No. C. 81-2, dated 10th August 1918, from the Senior Surgeon, submitting proposals for the allocation of the officers of the Medical Department in the newly sanctioned grades as requested in para 5 of the above order.

3. Letters Nos. C. 81-9 and C. 81-13, dated 17th August 1918 and 29th August 1918, respectively, from the same officer, forwarding representations from certain officers of the Medical Department, urging their claims for preferment in the allocation proposals with his views thereon.

Order No. G. 11538-9—Med. 29-18-2, dated 14th December 1918.

Government have carefully considered the proposals of the Senior Surgeon and the representations of the officers and are pleased to sanction the allocation of the officers of the Medical Department in the new grades sanctioned in the order of the 13th July 1918, as shewn in the annexed statement with effect from the 1st January 1918.

The Senior Surgeon has also submitted a complete list (appended) of allowances to be given to certain officers irrespective of the pay of their grades in accordance with instructions given in paragraph 2 of the order read above, and Government are pleased to ratify the allowances which are included in this list.

The house rent allowance now being allowed to the several officers under the above list will continue to be drawn by them pending the decision of the general question of house rent now under consideration.

As the charges of the three large institutions Victoria, Krishnarajendra, and Minto Ophthalmic Hospitals, entail special responsibilities, Government consider that each such charge should have an allowance attached to it, but in view of the circumstances that substantial promotion is given in the re-organisation, the question will be taken up for consideration after a year.

Office of the Senior Surgeon, Mysore Govt.

Immediate. Dated Bangalore, 21st December 1918.

D.O.No. G.C. 81-17

21 DEC 1918

Dear Sir,

Referring to Government order No. 11538-9-Med. 29-18-2, dated 14th December 1918, I find that in the statement showing the allocation of the medical officers under the revised scheme, the name of Mr. V. Muthusawmi Doss is put below the names of Messrs. S. Subba Rao, B.G.S. Acharya and B.K. Narayana R Rao, whereas it ought to be above, as shown in the list submitted by me with my letter No. G.C. 81-2, dated 10th August '18

Again, in the third column of the same statement a Jail allowance of Rs. 100 and a house rent of Rs. 30 are shown against Mr. S. Subba Rao. While the former is in order, since Mr. Subba Rao is to be in charge of the Mysore Jail in accordance with G.O. No. 7349-51/Fin. 15-18-2 dated 10-12-18, the latter is not sanctioned to him by name in any G.O. nor is he now in charge of the Mysore District. In the list submitted by me, I had stated in the remarks column that he would draw the house rent only so long as he remained in charge of the Mysore Distt.

I had also submitted a list showing the redistribution of Sub Assistant Surgeons (including the Senior Grade) according to the revised scale, as such questions used to be submitted to Government for orders. The G.O. now received evidently confines itself to the allocation of the "officers" which term is generally understood to denote Surgeons and Assistant Surgeons of the department. But the statement includes the names of Medical Graduates and of Lady Apothecaries and leaves out only the Sub Assistant Surgeons. I request to be informed if the Senior Surgeon is authorised to sanction appointments and promotions in the grade of Sub Assistant Surgeon (including the Senior Grade), without reference to Government.

Another point on which a clear order seems necessary is the newly fixed local allowance attached to the charge of

certain Malnad and Semi-malnad dispensaries. The whole scheme (in which the question of allowances is also included) is intended to be given effect to from the 1st January 1918. But the determination of the allowances to be attached to each charge was reserved for further consideration. It is therefore a question whether these allowances may be allowed to be drawn by the Medical Graduates or Assistant Surgeons in charge of the several institutions from the ~~dates~~ 1st January 1918, ~~or from the date of the~~ like the other allowances shown in the statement appended to the order, or from the date of the present order.

I request the favor of early orders of Government on the above points, to enable me to give effect to the reorganisation scheme.

Yours sincerely,

Senior Surgeon.

C. S. Balasundaramier Esq., B.A.,
Chief Secretary to Government,
Bangalore.

A. 28/12/18

Dear Sir,

With reference to your D.O.G.O. 681-7 dated 21st December 1918 pointing out certain discrepancies in the Statement sent with G.O.11538-9/Med. 29-18-2 dated 14th December 1918 re the allocation of Medical Officers under the revised scheme the name of Mr. Muthusami Doss has been, by a clerical error put below instead of above those of Messrs. S. Subba Rao, B.G.S.Acharya and B.K. Narayana Rao. The mistake has been rectified in the copies of the order to be sent to the Comptroller and the Press. A revised copy of page 2 of statement showing the necessary correction is herewith sent and may be substituted in the order copy with you.

The house rent of Rs.30 per mensem has been shown against Mr.S.Subba Rao's name because he drew it as a local allowance for the time he did duty as D. M.O.of Mysore. It is needless to add that he ceased to draw it from the date he vacated the office.

A.G.O. approving of the allocation of Sub-Assistant Surgeons suggested by you will issue.

A separate reference may kindly be made to Government with regard to the

the local allowance to ~~the~~ attached to the charge of malnad and semi malnad dispensaries.

Yours sincerely

Since 1911 a number of Medical Graduates joined the Medical Department on Rs.60/- as Sub-Assistant Surgeons. Once or twice the Senior Surgeon recommended their appointments as Medical Probationers which was not sanctioned by Government. In September 1916 five of these have been appointed Assistant Surgeons of the last grade as sub-protem acting or temporary.

In the revision scheme, many of the graduates will get the grade of Assistant Surgeons. It would be hard if those that have put in some years service as Assistant Surgeons of the last class are given only Rs.120/- (the minimum pay) like the other Graduate Sub-Assistant Surgeons who are now to be promoted. Their having put in some service as Assistant Surgeons is to no advantage, unless some concession is shown to them by starting them on advanced increments. The Medical Graduate who joined the service just a year ago and one who joined the service six years or over ago will be treated alike by starting all on the same pay.

There are likely to be vacancies in the higher grade in the near future and most of those will be drawing Rs.150/- or thereabouts by that period. This, it is apprehended, would work, as a hardship, as higher promotion may be denied to them on the score of their lower pay.

It is understood that the length of service which each officer put in was taken into consideration during the allocation of the Engineering Department, Education Department and recently of the General and Revenue Secretariat

P.T.O.

M E M O.

1. I have completed 23 years ser vice and for the past 16 years I have held the position of District Medical and Sanitary Officer, with a break of one year for undergoing Post graduate course at my own request.

2. Never in these 23 years I was withdrawn from independent -- charge for any cause.

3. My promotion was never stopped, nor was I ever superseded up to date. But Assistant Surgeon Mr. Muthuswami Doss's promotion was stopped for one year for neglecting Cholera duty.

4. Col. Mcgann, Col. Benson, Col. Smyth, and Col. Brockman, have left bright records of my work.

5. The present Senior Surgeon never once found fault with me during his inspection of the Vicil Hospitals, that have been under my direct charge, these nearly 5 years of his regime as head of the Medical Department.

6. In the year 1907 I was recommended to Government by the Senior Surgeon as an Officer deserving to be sent to England, further study, but the Government declined as there was no ar ment in the Budget that year.

7. In the year 1914 when I was transferred from Chikmagalur all the people of the place very much desired to present me with a valuable souvenir in appreciation of my work and popularity while in their midst, but Government declined to grant them permission for reasons not known to me.

8. In the Medical Administration Report of 1907-08, my name was among the Medical Officers who performed the largest number of operations.

9. In the following year though entirely connected with the Medical Wards of the Victoria Hospital I performed over 100 Major operations

10. I have been in the present class since July 1911 without a promotion as there have been no vacancies for me up to date, but myjuniors who are to supersede me got into the 1st class at least 4,5,and 6 years after me, doing no more meritorious work than what I have done these 23 years of my service.
